

# Corkums Island Walk

## Getting There

From the Bridgewater - Lunenburg highway #3 turn off onto Route 332 in the direction of Riverport. Go about 1 km to Grace Lutheran Church which is in the community of First South.

If coming from the 103 take Blockhouse exit 11 and continue on the Northwest Road towards Lunenburg. When you come to the four-way stop at Lilydale, turn right. Then cross Highway 3 to First South.

## The Walk

Leave the parking area behind the church by the Masons Beach Road, going past the Lilyfront Motel. Soon the view opens up across Upper South Cove. At about 1.3 km you come to a mussel farm and the causeway to Corkums Island.

Cross the causeway and walk the whole length of the Corkums Island Road. The road is partly open with views of the ocean but mostly sheltered by woods. At the end of the paved public road, continue on a private road (South Cove Drive), round to the right and up over a hill past a row of houses. There used to be a good view from here across the channel to Mosher's Head beach and the peninsula of Feltzen South; unfortunately it is now pretty much obscured by the trees.

Continue down the other side of the hill and along to the end of the road. Along the way are some new and rather grand houses.

Return along the same route to the start.  
Total distance is 10.3 km.

## Short Walk

Drive down Masons Beach Road and park on the mainland close to the Causeway to Corkums Island. Walk the length of the island to the top of the hill, and return. Total distance is about 6km.
